WORK EXPERIENCE

Aviation Maintenance Administration

United States Navy

02/2010 – 05/2019

Various Locations

- Utilized database administration knowledge by maintaining server and database security and data integrity, creating and managing user log-in accounts, managing hardware and software upgrades, which resulted in over 1000 mishap-free flight hours during deployments.
- Implemented and administered Local Area Networks (LAN) aboard U.S. Navy ships to support maintenance and flight operations contributing to the mission success of two West Pacific deployments.
- Managed an inventory of over 500 items; accurate accounting and upkeep resulted in the saving of over \$1M in maintenance costs for the Navy.

EDUCATION

Bachelor of Science (B.S.) degree - Organizational and Business Administration

Central Michigan University, Mount Pleasant, Mi

08/2019

- Formally educated in skills pertaining to the legal environment of business, communication, public relations, human resources, organizational psychology, and management through best practices.
