WORK EXPERIENCE

United States Navy
Security Team Lead

06/2016 - 05/2019

Achievements/Tasks

- Lead Petty Officer of Miramar Brig Security Team. Comprised of five Soldiers and Marines, responsible for providing a safe working environment for the installation of over 8 million dollars in state-of-the-art security cameras and touch-screen monitors.
- Received a Navy Marine Corps Achievement Medal for outstanding service during 3 year period working at the Miramar, California Brig.
- Actively pursued bachelors degree from Central Michigan University along with Department of Labor Office Management certificate.

United States Navy
Aviation Maintenance Administration

02/2010 - 05/2016   *Various Locations*

Achievements/Tasks

- Utilized database administration knowledge by maintaining server and database security and data integrity, creating and managing user log-in accounts, managing hardware and software upgrades, which resulted in over 1000 mishap-free flight hours during deployments.
- Implemented and administered Local Area Networks (LAN) aboard U.S. Navy ships to support maintenance and flight operations contributing to the mission success of two West Pacific deployments.
- Managed an inventory of over 500 items; accurate accounting and upkeep resulted in the saving of over $1M in maintenance costs for the Navy.
